Dear Ms. Holstein:

The Environmental Protection Agency (EPA) has reviewed the subject document and agrees with the document as written. Please proceed to conduct a Feasibility Study. Let me suggest that we have a scoping meeting during the next BCT Meeting to discuss that Feasibility Study before too much time and effort is put into it. If you have any questions, please call me at (404) 562-8549.

Sincerely,

Doyle T. Brittain
Senior Remedial Project Manager
