

FT. McCLELLAN BCT MEETING MINUTES
 PARTNERING SESSION #25
 ATLANTA, GA
 MAY 17 – 18, 2000

AGENDA ITEM	RESPONSIBILITY	NOTES
Check In Guest Introduction and Roles	Host: Bart Reedy Leader: Recorder: Jeanne Yacoub	See Attendees List – Attachment A.
Ground Rules	BCT	Attachment B provides the ground rules established in October, 1997.
Agenda	BCT	The BCT revised the May agenda, and proceeded accordingly. Attachment C provides the draft June agenda. Attachment D provides the May meeting summary.
Accept Previous Minutes	BCT	The team reviewed the draft April minutes, made some revisions, and accepted the revised minutes as final.
Action Items	BCT	Action items were reviewed and updated, as indicated in Attachment D.
Long-Term Planning (BCP)	BCT	One of the main agenda items for the June, 1999 meeting was BCP discussions. The team has set the BCP aside pending resolution of some policy issues that require resolution prior to completion of the BCP. Attachment E provides the reporting and review schedule for the deliverables that will be part of the BCP master schedule.
Goals/Metrics Update	BCT	Goals and metrics remain on the agenda (Attachment C). The team began brainstorming this topic during the June, 1998 meeting, and also began development of preliminary goals for consideration by the group. Attachment G provides the DOD Measures of Merit for BRAC projects submitted by Lisa Kingsbury for group consideration in the development of

		project goals and metrics. David Smith also previously provided several handouts for the team to review in preparation for discussions on this topic.
Facilitator Observations	David Sanderson	David Sanderson attended his ninth meeting with the team this month. His notes and observations are provided at Attachment F.

LIST OF ATTENDEES

BCT SESSION #25

ATLANTA, GA

MAY 17 – 18, 2000

Lisa Kingsbury, Ft. McClellan

Ellis Pope, Mobile District Corps of Engineers

Bart Reedy, US Environmental Protection Agency, Region IV

Philip Stroud, Alabama Department of Environmental Management (ADEM)

Valerie Clinkenbeard, US Army Engineering and Support Center, Huntsville (CEHNC)

David Skridulis, CEHNC

David Sanderson, Facilitator

Jeanne Yacoub, The IT Group

Steve Moran, The IT Group

Guests:

Jack McIlrath, Foster Wheeler Environmental Company (FWENC)

Phil Potter, FWENC

ATTACHMENT B
BCT GROUNDRULES

1. Start and finish meetings and breaks on time.
2. One person talks at a time.
3. Stay focused on the agenda.
4. Distribute minutes and meeting agenda two weeks in advance of meeting.
5. Avoid interruptions and side conversations.
6. Keep agenda to manageable size.
7. Do homework/come prepared.
8. Consensus decisions.
9. Clarify differences.
10. Rotate meeting locations among BCT representatives.
11. Rotate meeting leader.
12. Be courteous/tactful/honest/respectful.
13. BCT pre-approves all guests.
14. Support BCT decisions.
15. Seek to understand others' positions and styles.
16. Identify and agree upon issues/interactions, which are to be retained within the team.

ATTACHMENT C

AGENDA BCT MEETING OF JUNE, 2000

1. Check In
2. Guest Introduction/Role in Meeting
3. Review Ground Rules (Attachment B to these minutes)
4. Finalize Agenda with additions and/or subtractions (Item 9 of this Attachment)
5. Accept Previous Meeting Minutes
6. Review Action Items from Previous Minutes (Attachment D to these minutes)
7. Review Long-Term Planning (BCP)
8. Goals/Metrics Update (Attachment G to these minutes)
9. Accomplish Agenda Items (Item 9 of this Attachment)
10. Meeting Summary Review
 - Set next meeting date
 - Set next meeting agenda
 - Set time and date for conference call
 - Set meeting dates for next six months
 - Review action and consensus items
 - Review and evaluate Partnering Process

ITEM #9
DRAFT JUNE AGENDA

Wednesday, June 28, 2000

0800 – 0830	Check-in	BCT
0830 – 0900	Finalize Minutes/Agenda/ Action Items	BCT
0900 – 1100	Site-Wide UXO Work Plan Comment Resolution	BCT
1100 – 1200	M2 Parcel Issues	H'ville
1200 – 1300	Lunch	
1300 – 1400	Eastern Bypass EE/CA	H'ville
1400 – 1500	Waste Chem Storage Briefing	IT
1500 – 1600	Buildings South of Reilly AF	IT
1600 – 1700	FOMRA Briefing	IT

Breaks as Needed
Dinner Plans

Thursday, June 29, 2000

0800 – 0830	Gas Mask Test Chambers Briefing	IT
0800 – 0830	Groundwater Turbidity	BCT
0830 – 1000	PAH/Screening Values Document Comment Resolution	BCT
1000 – 1200	UST Removal Work Plan Comment Resolution	BCT
1200 – 1300	Lunch	
1300 – 1400	Team Behaviors	BCT
1400 – 1600	TBD	
1600 – 1700	Meeting Reflections	BCT

MEETING SUMMARY
With
ACTION ITEMS

Next Meeting: June 20 - 21, 2000
Ft. McClellan, AL

Primary Agenda: TBD

May Meeting Summary:

Finalize Agenda and Minutes - Draft April minutes were reviewed, revised, and accepted with amendments as final. The BCT also added some items to the agenda parking lot. The May agenda was modified to include the following items:

- ALDOT Update on Bypass 15 minutes
- Phytoremediation 15 minutes
- Fill Area EE/CA UXO 15 minutes
- Partnering Training/Training 15 minutes
- Risk Screening Document Meeting 10 minutes
- Priority List of Work 10 minutes

The following items were added to the Parking Lot

- Ground Rule about Preparation
- Training Requirements

Action Items - The BCT reviewed April's action items, and updated them. The updates are presented in Attachment D.

MBTI Workshop - David Sanderson conducted a follow-up to the previous month's MBTI workshop for the group. His notes are found at Attachment F.

David Sa. asked the BCT members to separate into two working groups, the "J" group, and the "P" group. Ellis, Lisa, Steve, Philip, and Jeanne were in the "J" group; Bart, Valerie, and David Sk. were in the "P" group. Each group was asked to describe in bullet format, an ideal BCT meeting. The following notes present the results of that exercise.

P's Ideal BCT Meeting

- Quality Decisions (everything resolved)
- No Beating Dead Horses
- Unhurried (not too much)
- Differences of opinion without conflicts

- Freedom to say the party line is not logical
- Definitive guidance from HQ on how to handle programmatic issues
- A united front rather than two camps
- No posturing
- Constructive comments vs. finding faults

J's Ideal BCT Meeting

- Resolving responses to comments on all outstanding documents
- Clear agenda and objectives
- Clear leadership
- Come prepared to address agenda items
- Respectful behavior
- Recognize what can and can't be resolved; move along
- Better wrap-up -- identify priorities for next meeting

Parcel 127(7), Old Soldier's Chapel - After performing a site visit to the Old Soldier's Chapel, the BCT decided that a supplemental SI is required. IT will prepare the appropriate work plan for this site.

LUCIP Format - Bart will send a LUCIP to Lisa who will forward it to Valerie. Bart will do this on Thursday 6/18 using electronic format.

NFA vs NDAI - The BCT briefly discussed this issue as follow-up from the previous month's discussions. Valerie will use the terminology "NFA" instead of "NDAI." Philip will check with Chris to see if he wants to use the term "NFA," or "No Action," instead of "NDAI."

M2 Parcel - The BCT discussed the Army's activities at M2 within the CERCLA context. EPA believes the Army's actions at M2 constitute a CERCLA action. David Skridulis indicated that the Army will do as much procedurally as they can to make it look like a CERCLA action. Valerie distributed a revised Action Memorandum and indicated that Barry Cox and Steve Jordan had commented on the first iteration of the EE/CA. Valerie reviewed the revised EE/CA with the group, demonstrating incorporation of the comments she had received at the Lake Guntersville meeting.

In the "Analysis of Alternatives" section of the EE/CA, Valerie developed a quantitative treatment of the OE/UXO alternatives that was a better reflection of the regulators' desires. This was a significant change to the document, and one that Valerie thought improved the overall quality of the section.

Another significant change was in the risk management section. In this section, Valerie addressed the QA/QC aspects of residual risk. Bart inquired about CEHNC's quality assurance of the geophysical data results. He shared an internal CEHNC memo dated November 27, 1996 that showed that OE responses at BRAC bases would be performed as CERCLA responses. David Sk. thought the memo might have been superseded by another more recent memo; he would check at CEHNC.

DOD 6055.9 - The previous discussion about the status of DOD 6055.9 resulted in CEHNC determination that DOD 6055.9 is not an ARAR or a TBC, but rather a DOD specific requirement.

GSA SI Report - Steve gave the "2-minute" version of SI results for the GSA parcel. He discussed the

analytical findings and the group discussed what to do when results exceed HHSSSLs. Bart indicated that the Army must do something if the property exceeds the standards for residential reuse. Bart suggested that this parcel may present a site where a LUCIP is required. **CONSENSUS: IT will brief two parcels next month with tables and figures and present data for conclusions to be presented in the SI reports.**

Afternoon Session - The group identified discussion topics for the afternoon session. The following topics were identified:

- LUCIP Brainstorm
- Parcel Tracking
- Parcel 105, Smoke Area R
- Phytoremediation
- Work Load
- ALDOT Brushclearing
- Training Needs
- 2099 Building

ALDOT - ALDOT begins surveying on May 31. FWENC will provide anomaly avoidance. ALDOT indicated they may want M2 property, which is supposed to be transferred by September.

Screening Document Conference Call - Ted Simon is reviewing the screening document. The BCT set a conference call for June 12, at 3:30 EST. Bart will check to see if Ted is available to participate in the call.

Phytoremediation - Lisa explained Edenspace's desires to remediate a range at Ft. McClellan using phytoremediation technology.

LUCIP Brainstorming - David Sa. facilitated a 20-minute brainstorming session with the group on LUCIPs. The following ideas resulted from the exercise:

- | | |
|--|--|
| ➤ Training for Construction Workers | Construction Support |
| ➤ Public Trespasser Safety | Engineering Controls |
| ➤ Law Enforcement (video, sheriff, fire dept.) | Army Evaluation of OE occurrences/patterns |
| ➤ Emergency Response | Hunters |
| ➤ Deed Restrictions | Permit Process for Intrusive Activities |
| ➤ Subdivision Carries Deed Restrictions | Zoning |
| ➤ Army Notification of Subsequent Transfers | Public Notification of Incidences |
| ➤ Fences | Evacuation Plan |
| ➤ Public Training (schools) | Monitoring Contracted Activities |
| ➤ Public Displays, Signs | Chain of Command |
| ➤ Recurring Reviews | O&M of Controls |

Workload - Bart suggested splitting workload between himself and Philip. They agreed that they need to go through a couple more review sessions before they try that. David Sa. suggested revisiting the idea in a couple of months.

Training - Tier II has asked Tier I to identify training that would be helpful in accomplishing the Tier I objectives. The group will think about this.

M2 Priorities - The following items are priorities for the M2 transfer:

- Backcheck revised EE/CA
- Review the ESS
- Comments on specific and generic work plans
- Comments on draft Action Memorandum

Future Meetings - June 28 - 29, Ft. McClellan, July 25 - 26 in Montgomery.

Status of Action Items

Action Item No.	Responsible Team Member	Due Date	Status	Action Item
98/03/8	Ron	May 98	Pkg. Lot	Write up draft BCT Success Stories for Tier II. Consider how to publicize the information.
00/3/1	Ellis	Apr 00	Done	Determine if it is more efficient for CH2MHill to complete the Range 23 Alpha report, or if IT should "crunch" the numbers using CH2MHill data and issue the report.
00/3/2	Lisa	Apr 00	Done	Send letter to Bart and Chris advising them that the Army will separate Parcel 66 from Parcel 75, and perform an RI at that site, instead of delivering an SI report.
00/4/1	Valerie	May 00	Done	Provide link to CEHNC's web site along with a list of documents superceded by new EP.
00/4/3	Valerie	May 00	Done	Propose a risk methodology for the BCT to consider.
00/4/4	Bart	May 00	SNR	Provide a LUCIP format to CEHNC.

FACILITATOR NOTES AND OBSERVATIONS

Meeting Summary

The BCT met on May 17-18 at the EPA offices in Atlanta. Several things are important to note:

1. Valerie reported on her revised EE/CA on the M2 parcel, in which she had incorporated the regulators' suggestions. Team members were clearly impressed with her work, done in a very short time.
2. The Foster-Wheeler consultants presented their revisions to their conceptual master plan for OE cleanup. They appeared to have benefited from the team's questions and suggestions in April, and they clarified a number of issues that had been problematic.
3. IT and Huntsville members discussed ways to coordinate the HTRW and OE/UXO cleanups.
4. Particularly on the second afternoon, the team held constructive discussions about several topics. The team made a promising agreement that Steve will make a brief oral presentation on SI findings before writing the reports. The whole team brainstormed well on possible controls to build into LUCIPs.
5. The team explored more implications of Myers-Briggs for members' work style preferences, especially the "J-P" distinctions about what qualities make for effective, satisfying meetings. If nothing else, we clarified the differences among team members, and I hope this greater understanding will help to increase tolerance and lead to innovative team behavior.
6. Members discussed a major process issue for the team – the document workload. Bart expressed his sense of being overwhelmed by the number of documents, and Philip, while up-to-date in his reviews, said he too had a heavy load. Other team members felt that EPA and ADEM need to devote more resources to the FTMC effort. Bart and Philip discussed dividing the reading between them and agreed to return to that idea after they have more time to work together.

In the morning discussion, the issue led to a fairly heated discussion, and the team moved on to other issues. When we returned to it later that afternoon, the intervening time had allowed tempers to cool so that at least a temporary resolution was possible before we adjourned. Looking ahead to June, the team agreed to revise the document schedule with the regulators' workloads and also the needs of the Army and IT in mind.

Issues still to be addressed:

Team goals and schedule for the rest of the year

Meeting management:

- Setting and revising the agenda: once agreements are made about workload and schedule, the team would benefit from agreeing on 1) how the agenda gets set and 2) a protocol for alerting members

ahead of time when the agenda needs to be changed.

- Preparation for meetings
- The team will be dealing from now on with both HTRW and OE, and the agenda is expanding. What effect do these changes have on meeting format? Should there be a split agenda, with IT and Huntsville taking different periods? And the question of meeting length, which arose at the January meeting in Mobile, needs reconsideration: how can the team do justice to its agenda and schedule and also manage its time to avoid long exhausting days?

Communicating respectfully and openly; managing conflict

Training needs (to send to Tier II)

DOD MEASURES OF MERIT FOR CONSIDERATION IN THE DEVELOPMENT OF PROJECT GOALS AND METRICS

The following DOD Measures of Merit under the BRAC Program (provided by Lisa Kingsbury) may provide a starting point for consideration in the development of goals and metrics for the Ft. McClellan project. Lisa's Email of 12/10/97 listed numerous Measures of Merit for various programs; the BRAC Program Measures of Merit are listed below:

MoM1: Relative Risk Reduction

The number of sites that are classified as high, medium, and low relative risk, and as RC or NFA

MoM2: Restoration

The number of acres that are transferable from DOD's control according to the requirements of CERCLA

MoM3: Compliance

The number of acres for which closure-related compliance projects have been completed

MoM4: Planning

The number of acres that have completed the environmental analysis and decision documents for disposal and reuse of property that are required under the National Environmental Policy Act (NEPA)
