

U.S. ARMY GARRISON  
FORT McCLELLAN, ALABAMA 36205-5000

October 31, 2003

REPLY TO  
ATTENTION OF

Environmental Office

Mr. Philip Stroud  
Alabama Department of Environmental Management (ADEM)  
1400 Coliseum Boulevard  
Montgomery, Alabama 36130-1463

Dear Mr. Stroud:

The Final Alpha Area Engineering Evaluation/Cost Analysis (EE/CA) for Ordnance and Explosives at Fort McClellan, Alabama, is at Enclosure 1. This document completes the revisions to the Alpha Area EE/CA Report to add clarifications and response to comments as agreed to in the May 7 and May 14 on-site meetings. The enclosed EE/CA Report represents the Final Alpha Area EE/CA to the extent it is applicable to the Alpha Area as investigated by the U.S. Army under the approved land reuse plan as amended through November 2000. ADEM's concurrence with the No Further Action areas for Alpha are covered in Enclosure 2.

The additional site characterization within the M6-1M-PR sector of the Alpha Area, as requested by the Department in the letter of June 16<sup>th</sup>, will be the responsibility of the Joint Powers Authority (JPA) and their Unexploded Ordnance (UXO) contractor as negotiated under the Environmental Service Cooperative Agreement between the Department of the Army and JPA. The information gathered from any such investigation efforts should be reported as an Amendment to this Final Alpha Area EE/CA Report to maintain continuity of the entire data set gathered for Ordnance Exploded (OE)/UXO in the Alpha Area.

Copies of this correspondence, with enclosures, were provided to Ms. Robin Mills, Hampton Field Office; Ms. Miki Schneider, JPA; Ms. Michelle Beekman, Matrix Design Group; and, Mr. Spenser Nelson, URS Corp. Mr. Dan Copeland, Huntsville Center COE, was provided a copy without enclosures.

If you have any questions, please call me at 256-848-6853 or Mr. Dan Copeland, Huntsville Center Project Manager at 256-895-1567.

Sincerely,

Ronald M. Levy  
Environmental Coordinator
