RE: ADEM Review and Concurrence: *Concurrence Request Letter for Site Investigation at the Impact Area for Parcels 103Q and 88Q, dated February 28, 2002*
Fort McClellan, Calhoun County, Alabama
EPA ID. No. AL4 210 020 562

Dear Mr. Levy:

The Alabama Department of Environmental Management (ADEM or the Department) has reviewed Fort McClellan's submittal of the *Site Investigation at the Impact Area for Parcels 103Q and 88Q*. During a site investigation bullets fragments were observed over much of the area and were concentrated along the slope and base of the hillside. Therefore, surface soils at the impact area are expected to be contaminated with metals, particularly lead. The Army recommends that an Engineering Evaluation and Cost Analysis (EE/CA) be conducted at the impact area for Parcels 103Q and 88Q to determine the nature and extent of contamination at the site, to identify and evaluate remedial action alternatives, and to recommend a remedial action for the site. ADEM concurs with the proposal for the EE/CA to define the nature, extent of contamination, and propose a remedial action.

For any questions concerning this matter, please contact Mr. Philip Stroud at 334-270-5646 or via email at pns@adem.state.al.us.

Sincerely,

Stephen A. Cobb, Chief

SUBJ: Letter Report Site Investigation at the Impact Area for Parcels 103Q and 88Q
Fort McClellan

Dear Mr. Stroud:

The Environmental Protection Agency (EPA) has reviewed the subject document and offers one comment to the Alabama Department of Environmental Management (ADEM) for your consideration. Specifically: The recommendation of this letter report is that the Army conduct an Engineering Evaluation and Cost Analysis (EE/CA) at this site. As we have discussed before, it is our opinion that if a Site Investigation (SI) results in a decision for further investigation and cleanup, the terminology of Remedial Investigation and Feasibility Study (RI/FS) should be used. As ADEM considers appropriate, please transmit this comment to Fort McClellan (FTMC). If you have any questions, please call me at (404) 562-8549.

Sincerely,

A handwritten signature in cursive script that reads "Doyle T. Brittain".
